

I am requesting that you seriously reconsider possibly not allowing LPFM's to take over the radio stations. KLOVE will be effected by this decision and I strongly support KLOVE. KLOVE is extremely family friendly. Something that is not common now a days on the radio. I've have been appauled by some of the language and content on a lot of radio stations. It is not appropriate especially with young listeners. KLOVE is positive and uplifting and my family really enjoys listening to it. Please don't let anything happen to radio stations such as KLOVE!! Our world needs more stations like KLOVE. Thank you for your time.

Sincerely,

Brooke Robertson
